Windsor Locks High School

Windsor Locks, CT 06096

Warm, caring, and helpful are three of the qualities of our friendly guidance secretary. Her kindness and cheer make the hardest of any tasks seem achievable. She is supportive and generous - always willing to give advice or a few words of praise to boost our spirits. Her smile brightens the worst of days, and she makes a point to know each student that walks through the doors of WLHS. For these reasons and many more, the Windsor Locks High School Class of 2001 would like to dedicate our yearbook to Mrs. Patricia VanBramer. She is not only a role model; she is a reliable, trustworthy, and dear friend.

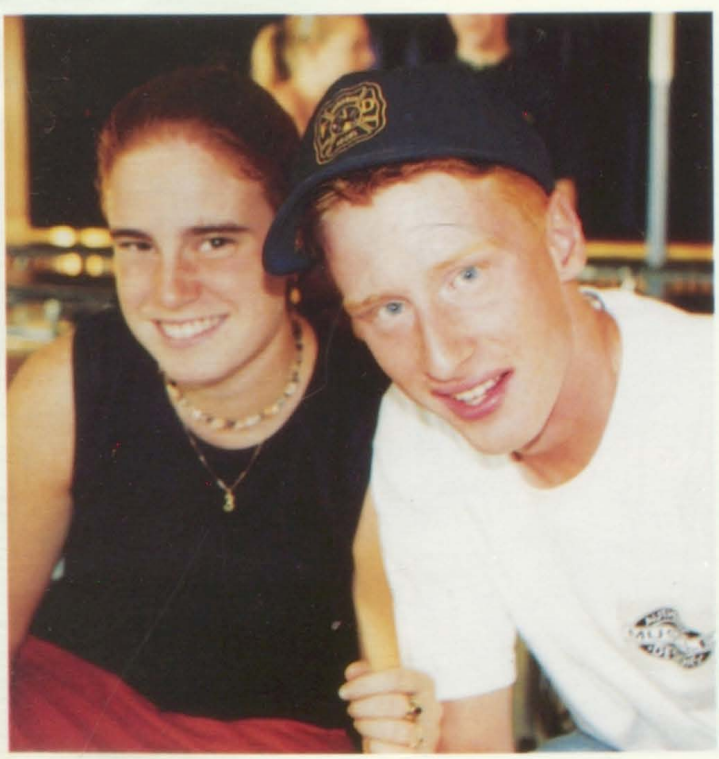

"Some people come into our lives and quickly go. Some stay for awhile and leave footprints on our hearts, and we are never the same."- Unknown

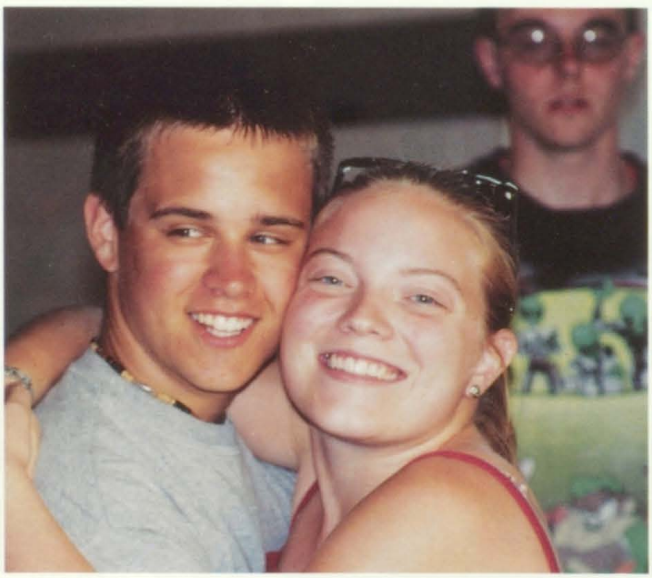

★At the beginning of a new millenium, we, the class of 2001, step away from Windsor Locks High School, ready to journey down new paths in our lives. We know there will be forks in these paths and that separation is inevitable, but our memories and relationships, our footprints of the past four years, will be there as our guide. Footprints lead and footprints follow, leaving paths to explore the future or reminisce on the past. But footprints also keep us connected, for we will always be able to trace our paths back to WLHS.★

Walk gently through the pages of this book for here you will find many well worn paths, and some may even bear your footprints. If you should find a particularly familiar path, do not hesitate to pause long enough to say, "I've been there before."-

Heather

You have grown into a beautiful; young lady. We are very proud to be your parents. As you continue your journey through life, there will be times when you are scared and confused. Use your strength and your values to help you get through these times and you will end up wiser for it. Remember you have to take chances to make your dreams come true. Most of all always remember that no matter where life takes you, in our hearts you will always be.
Congratulations, Heather. We love you.

You've always been a shining star in our eyes. We couldn't be more proud of you. Your work ethic and persistence have been recognized by all. Your smile and your caring heart will help you follow your dreams and accomplish your future goals.

Love Always,

Mom, Dad,
Kate, John, and

Jeff,

We are so proud of you and know as the difficult times of life come up there is faith and trust that you will always make the right decisions. We love you.

Grandma & Da-dat

As years have gone by I have watched my little boy grow into a young man and am amazed how the tough times turned out to the best of times. Keep reaching for the moon, you just may catch a star. I love you and am so very proud of you.

Mom

Michelle,

Our lives became full of meaning and purpose the day we set eyes on you. There is no doubt in our minds that you were truly a gift from God. We could not then nor now imagine a world without you.

We would like to give you so much, the benefit of our experience and wisdom but we realize you have your own life to live and be responsible for.

Be wonderful, be someone full of love and compassion, give to life, love life.

We are so proud of you, Michelle, and we will always love you and be here for you.

Love,
Mom, Dad, Christie, and Jamie

Michelle,

You opened up a whole new world to us the day you were born. We will always treasure you and the precious names you gave to us when you were a toddler. Loved you then, love you now, and will love you always.

Memo and Pepo

To our darling Melissa,

Who has grown up to be a beautiful young woman who is smart, hard working, thoughtful, caring, and everything we hoped for!

We love you so much and are proud of you!

As you venture foward to college, a career, marriage, and whatever your future brings, we will be here for you.

Love you always,
Mom and Dad

Congratulations Venessa,

Remember in all the excitement of your future that life is filled with decisions and every choice has a consequence.

Always do your best. We know that you can handle whatever life brings your way. We will always miss our little girl, but the time has come to share all your wonderful qualities with the world. Never forget who you are and how very proud we are of you.

Love,
Mom, Dad, and Kaci

Joe,

Congratulations to you and the class of 2001. We are proud to have you as our son. We admire your smile, sense of humor, kindness, and generosity towards others.

May you fulfil all your dreams! You will always be in our hearts. Never forget who you are! Much happiness and success! We love you!

Mom, Dad, Ryan, and Evan

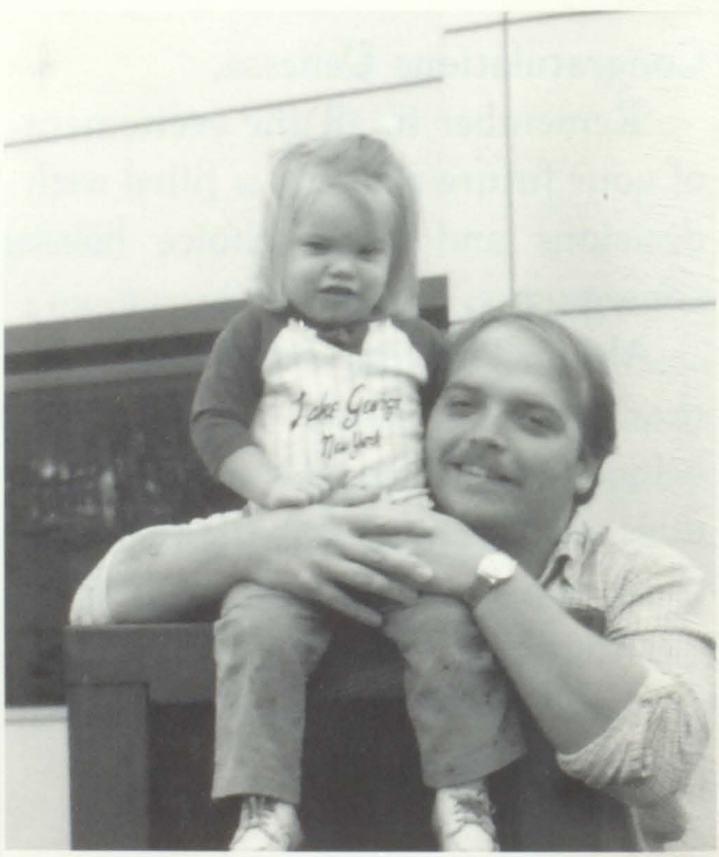

Lindsey,

I remember so well our first meeting. I looked into your trusting eyes and you captured my heart. Your tiny hands reached out and gave me warmth and purpose. The years since have passed so quickly, filled with happiness and love. No mother could ask for more in a daughter. As you graduate, I will be recalling that first meeting with love and pride to be your Mother.

No one thing has brought us more happiness, love, or pride than you. From the little girl who never stopped smiling to the beautiful young woman who now leaves to find her place in life. Our love for you is constant.

The gifts that you leave for us are cherished and forever!

Dad, Connor, and Brandon

Joe,
We have watched you grow into a talented young man. We know you will go far in your music career because you have the drive and determination to succeed. Give to the world the best you have and the best will come back to you. Share the song that lives in your soul.
Love,
Mom, Dad, and Lori

Sammy,
Congratulations! We always knew you would make it, even through the rough times. The years have just flown by and it hardly seems possible that graduation time is here. We are so proud of you! A new chapter of your life is beginning and you have your whole future ahead of you. You're a smart, terrific guy and we know you will be successful in everything you do. Be happy and follow your dreams!
Love,
Mom, Dad, Erin, and Carly

You have brains in your head.
You have feet in your shoes.
You can steer yourself
Any direction you choose.

Dr.Seuss, Oh, the Places You'll Go!

Justin,

Sometimes we miss the little boy, but we are so proud of the young man. We wish you much success and happiness!

Love,
Mom and Dad

Adam,

WE ARE SO PROUD OF YOU

THE BEST OF LUCK TO YOU AND THE CLASS OF 2001

REMEMBER LIFE IS A JOURNEY TAKE TIME TO ENJOY THE TRIP

Sarah,

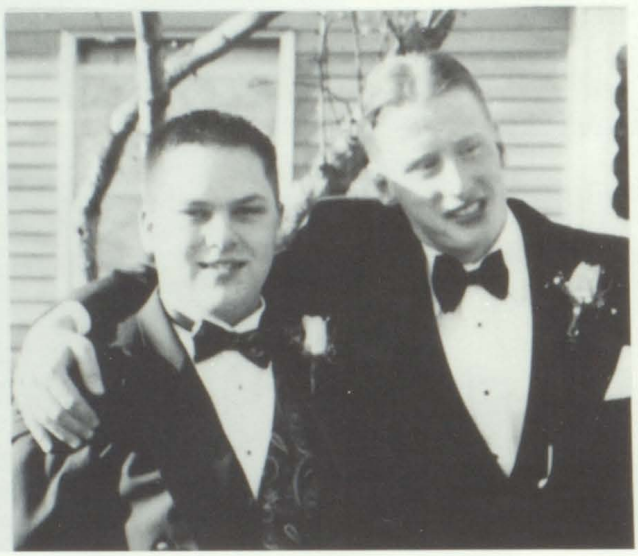

As I think about all that we have been through, it becomes apparent that you have not only been my best friend, but my sister as well. You have been right by my side for the past four years through the good, bad, and everything in between. Sometimes I wonder if I would have made it as far as I did if you weren't there to pick me up whenever I had fallen. You have brought so much into my life and helped me reveal the strengths I never knew I had. Although it sometimes frustrates me how you know exactly what I am thinking and exactly what to say even when I am quiet with my thoughts, I thank you now for understanding me when even I am having trouble doing so. With you, there is nothing I am afraid to share, even my most ridiculous ideas. You have so many dreams of places you wish to travel in life and because of your passion I have no doubt that you will accomplish all of this and more just as you have hoped. But when the time comes when you begin to feel as though nothing is going right and you feel alone, just remember that wherever I am I will be thinking of you and what you have always told me. Everything happens for a reason and when it's all over it works out for the best. So keep striving for your goals, it is only a matter of time before you will reach them. I am truly lucky to always know that no matter what I'm doing, I have at least one person on my side that believes in me and will never question the path I choose to take in life.

Love Always,
Stef

Congratulations Cliff & Mike

We're proud of the men you've become.

We wish you love, happiness &
success in your life.

Good luck and God bless.

DANIELLE CARTER

If I knew I was going to die tomorrow this is what I would tell you. First, and foremost, I love you dearly and have loved watching you grow and develop into a young adult. You have handled yourself extremely well under difficult circumstances and I am very proud of you. And I am equally as proud of Wensday and I wish you would let her know that. This advice could be for her too some day. Well, here goes.

Express your individuality (actually I think you have this one down pretty well).

Be responsible with how you use your energy.

Observe without judging, but don't let others' negative energy pull you down.

Know that learning doesn't stop at graduation. You can always grow. Much of what you learn you will learn from yourself. In silence, you can learn who you really are and why you are here. Also know that lessons and wisdom can come from surprising places – from children, from animals, plants and trees, the water and mountains, the sun and moon, the seasons of the year.

Know that "We Are All Related" and we all have to rely on each other. We two-leggeds must protect the rest of nature.

Know that everyone is special in some way. Seek out your specialness and Rejoice in it. And share it with others. Be yourself 100%. Why bother being someone else?

Make "Four Agreements" with yourself. 1) Be careful with your word. Say what you mean. Mean what you say. Avoid negative comments to, or about, others, OR YOURSELF. 2) Don't take anything personally. Anything done or said against you is not about you but about the person who said or did it. It's about their emotions, thoughts and deeds, not yours. 3) Don't assume anything! Don't assume people know what you want or mean – speak up girl! and communicate! And don't assume you know what others want or mean. Ask! Equally important, don't become attached to preconceived notions of what "should" be or what "should" happen. Be ready to accept whatever happens. 4) Always do your best, whatever that is at the time and with whatever energy and resources you have to use at the time. Then no regrets, no second-guessing yourself.

Finally some Runes sayings I love. Be in the world but not of it. Strive to live the ordinary life in a non-ordinary way. Disruption is a great teacher and awakener. There is no way to push the river (patience). Don't lust after outcomes. We do without doing and everything gets done (sometimes non-action is best because...). The universe always has the first move.

After I've walked on to my next adventure remember I am still with you. Whenever you see or hear a crow I am there. Whenever you see a hawk or an eagle or any large bird I am there. Whenever you visit York Beach I will be there. Whenever you are in the forest I will be walking with you. You will always carry me in your heart, as I carried my mom in my heart after she walked on. When you love somebody, and they know it, they will carry that love with them always.

So I leave my biggest legacy to you - My Love

DAD

Erica,
Each moment has been your stepping-stone to the next. You have certainly traveled far and have the outlook to go further. You have accomplished much in school, sports, and most importantly you have grown stronger as a person while retaining your incredible sense of humor. Be sure to keep this humor and recognize the joy in life everyday. This will be your much needed balance in this wild and hectic world.

As far as the future keep these words in mind:

Where there is beauty, there is ugliness.
When there is right, something else is wrong.
Knowledge and ignorance depend on each other.
Delusion and enlightenment condition each other.
It has been like this since the beginning.
How could it be otherwise now?
Wanting to chuck out one and hold to the other
Makes for a ridiculous comedy.
You must still deal with everything ever-changing,
Even when you say it's all wonderful.
(Ryokan)

Erica,
We all congratulate you and love you very deeply. Keep up your spirits and fight for the best things in life.
LOVE, MOM, DAD, STEF,
AND SHELLY

Dear Anna,

I am very happy for you as you graduate from WLHS. Congratulations- well done!!! It was very exciting and fulfilling as you developed from "the size of a loaf of bread" to an adult.

Your myriad talents, determination, and spirit will enable you to achieve your goals with integrity. You have a number of options for the future to exercise, some even before you graduate. I look forward with anticipation as you go forward to develop and work in a career, perhaps in a number of different fields of endeavor. Graduating is like inching yourself on a rocket into the unknown. It's exciting, filled with discovery, hard work, and rewarding. YOU CAN DO IT! I am very proud of my "Miracle Child" and will always be so!

Love,
Dad

Congratulations Banana!

I can't believe how my little sister has grown. I wish you the best of luck and wishes for the future, it seems like just yesterday that we were doing donuts in Mom's IROC (Shhh, don't tell Ma!). I look forward to watching you grow into the person that you already are becoming. I am proud to call you my sister and I'm still going to embarrass you in the mall.

Love,
Buddy

My dearest Daughter,

I wish you the very best of life and what it has to offer. You must always pursue what is in your heart. Now I have always told you that in order to feel good about something it must feel good in the heart. I may not have been there when you most needed me but I was always around you with my spirit. The day you were born you have lived up to Grandma's name she gave you. You should feel proud that you come from a long line of very strong women. We are unique and nobody can tell us otherwise. Keep in mind of who you are and do what you know is right. You are a very special young lady and let no one tell you different. You will succeed at anything you do, I know you have the ability and will apply it every chance you get. Be strong and true to yourself and you will never fail.

I wish the very best to you as you step out into this Big Old wide world. Annie, there is a lot out there, don't be afraid, the women in this family will always be around you. You know what I mean. Congratulations B-Girl (always will be my B-Girl).

"Master of human destinies am I!
Fame, love, and fortune on my footsteps wait.
Cities and fields I walk; I penetrate
Deserts and seas remote, and passing by
Hovel and mart and palace — soon or late
I knock unbidden once at every gate"

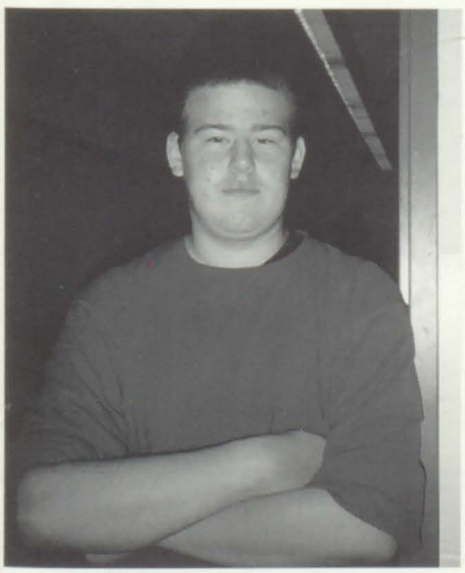

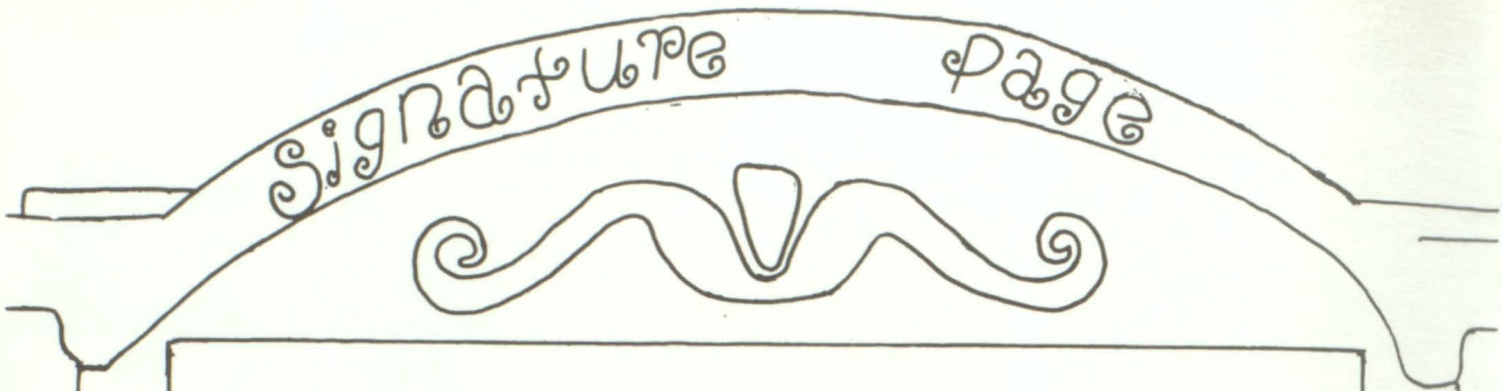

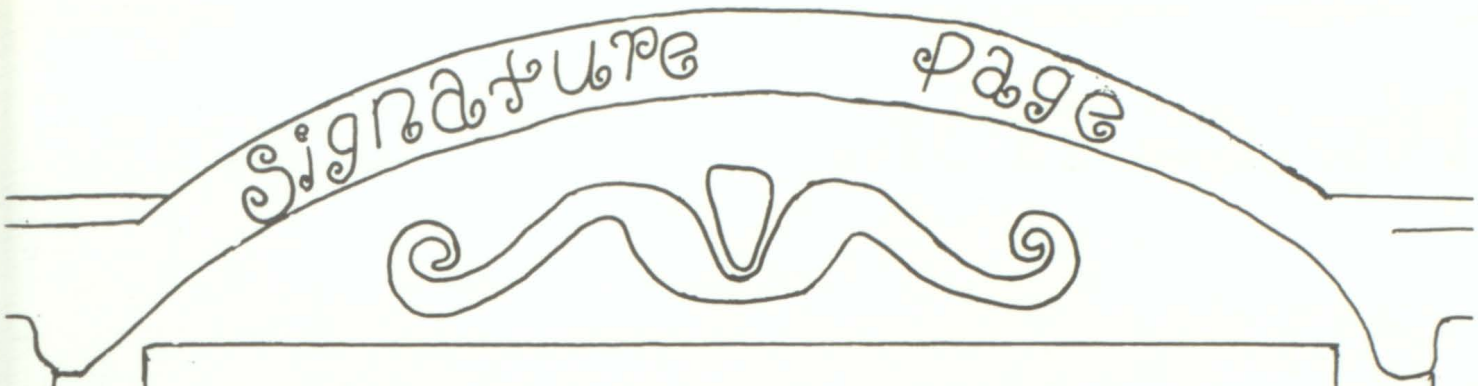

"The journey is the destination."

Notes from your Editors:

I didn't ask for it to be over,
but then again
I didn't ask for it to begin
For that's the way it is with life
As some of the most beautiful days
Come completely by chance
But even the most beautiful days
Eventually have their sunset

-Javan

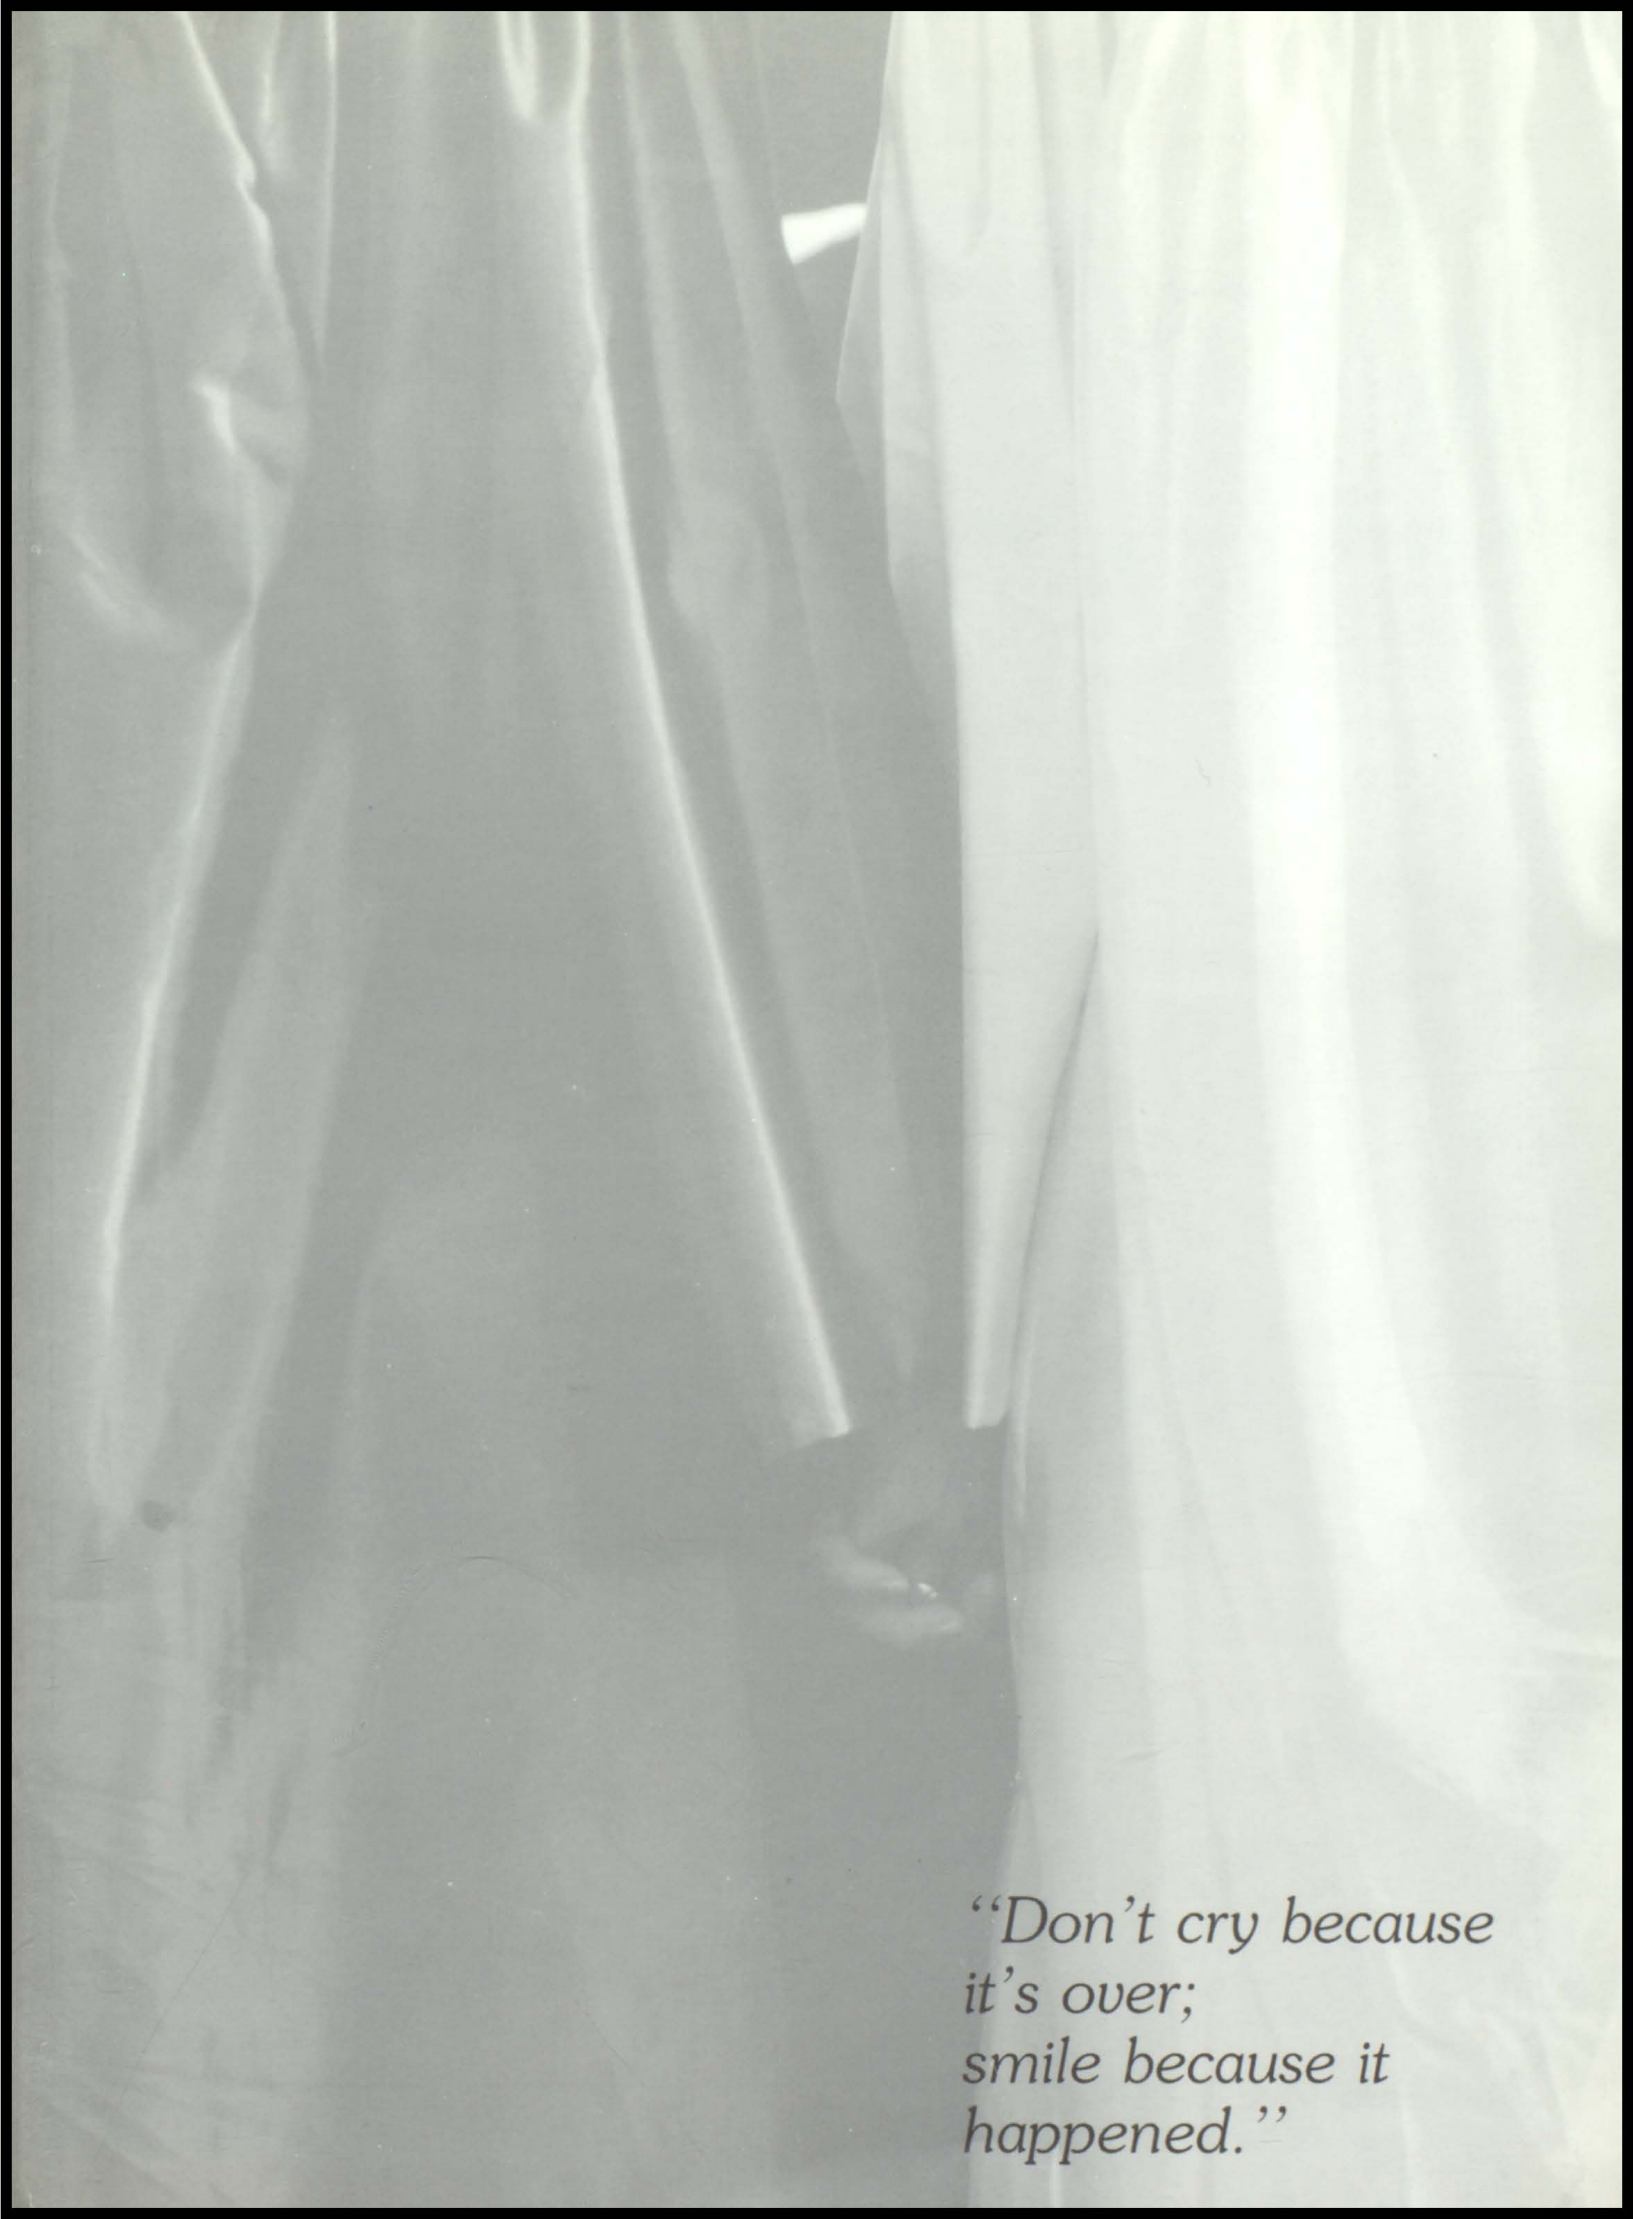

As seniors, we finally now realize what this book means. It represents a world of memories and reflects the great times we have shared with each other. Windsor Locks has given us the chance to grow up with each other and so we all have a special connection. Though we may not all be together after high school, we will remember each other. Graduation grants us a new freedom; enjoy it! Until the reunion...

Special Thanks to Mr. Greene for advising and helping us meet our deadlines. He learned the process and helped us move forward from there. He did a wonderful job of keeping us on track. Thank you.

When you are old and gray and full of sleep,
And nodding by the fire, take down this book,
And slowly read, and dream of the soft look
Your eyes had once, and of their shadows deep...

-W.B. Yeats
